isolation of West Berlin will be effected on 1 March. It is intended to stop all elevated trains for twenty minutes at the last railroad station before the zonal boundary. The stop is to be used for the control of all passengers crossing the zonal boundary.

2. In mid-January it was learned that railroad check points will be established at the Teltow, Mahlow, Griebnitzsee, Albrechtshof (Falkensee), Henningsdorf and Hohenneuendorf railroad stations. Passenger traffic to West Berlin will be checked there by strong control details, during the ten to fifteen minute stop. Passengers bound from East to West Berlin will be checked near the Baumschulenweg, Treptow and Schoenhauser Allee railroad stations. Interurban passengers will be checked at the Friedrichsstrasse railroad station. 25X1
